

## BIAS

Industrial grade touch screen

## Key Features

Portable and compact  
No computer required.

Industrial grade 7" touch screen.  
Most reliable, vigorously tested  
advanced electronics.

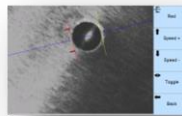

USB port for all types of data transfer

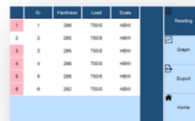

- Report export
- Reading export
- Certificate file export /import.

Longer battery backup  
Standard power bank of 2200mAh

Double scale lines to improve accuracy  
of calibration  
Manual measurement with various  
interactive option  
Coarse and fine movement of hairlines

Interactive reading selection and their  
priority setting as per report requirement  
Graph display of selected readings.

Result display with image and details of  
measurement.  
Conversion to other hardness numbers

Three reports

- Statistical report with main data.
- New image report for foolproof reporting.
- All reading report.

## Application

BIAS is a portable and compact device used in Brinell hardness system. Measurement is done by Auto, Semi auto and manual mode.

## Specifications

Description	BIAS
Dimension	230 x 39 x 124
USB Port	Version 2.0
Touch screen	Grade : Industrial grade Size : 7 inch (Diagonal) Type : LCD with touch
Test	Hardness testing (Brinell)
Power bank	5V, 3A, 2200mAh
Camera	Logitech C920/910
Camera connection / Data transfer	Available
Light illumination	5V, 400mA
Multiple Certificate File saving	Available
Hardness conversion	Available
Desktop connection (Optional)	Available

## Installation

- Due to constant R&D, specification and features are subject to change without prior notice.
- The dimensions given above are approximate.
